INTRODUCTION

On the 145 rolls of this microfilm publication are reproduced 429 bound volumes of records relating to Confederate prisoners of war confined by Federal authorities for the period 1861-65, with two of the volumes extending to 1866. The volumes, which consist mainly of registers and lists, are part of the War Department Collection of Confederate Records, Record Group 109.

Many of the volumes comprising this microfilm publication originally were part of the records of the Office of the Commissary General of Prisoners, but a small number were created by the Surgeon General's Office and individual Army commands. Some of the records were compiled in the Commissary General's Office from rolls, returns, and reports submitted by military prisons and stations, but mainly they were created at individual prisons or stations and later turned over to the Commissary General's Office. A few volumes were possibly compiled by the Prisoner of War Division of the Adjutant General's Office.

The Office of the Commissary General of Prisoners, established as an independent agency of the War Department on July 17, 1862, took over the functions previously carried on by an officer under the authority of the Quartermaster General from October 7, 1861, until that date. The Commissary General was responsible for the supervision of Confederate prisoners of war and political prisoners confined in Union prisons, for correspondence and other business relating to Federal prisoners of war confined in the South, for the maintenance of camps for paroled Federal prisoners of war and supervision of the parolees, and for some matters relating to the exchange of Confederate and Federal prisoners of war. Later the Office was assigned duties in connection with the settlement of claims of all prisoners of war. In August 1867 the Office was abolished and its remaining duties and records were transferred to the newly created Prisoner of War Division of the Adjutant General's Office. The Division furnished data concerning prisoners of war to other Government offices, made reports and compilations, answered private inquiries, and investigated cases of former prisoners for correction of records. It was concerned primarily with the military service of former Federal prisoners of war, which necessitated the transfer to that office of records of Federal prisoners in Southern prisons from the Confederate records collected by the War Department and deposited in the Archive Office of the War Department.

The Confederate prisoner records were retained as holdings of the Prisoner of War Division, but were segregated from other records of the Division and bound volumes were numbered in a continuous series. The records remained in the Prisoner of War Division when the office, as part of the Volunteer Enlisted Pension Branch, was transferred to the Record and Pension Division of the War Department in July 1889.

They were added to the War Department Collection of Confederate records as a result of their use in the project for compiling military service records of Confederate soldiers.

The compilation of service records of Confederate soldiers was begun in 1903 under the direction of Brig. Gen. Fred C. Ainsworth, head of the Record and Pension Office. Abstracts of records relating to individual soldiers were made on record cards from documents in the custody of the War Department or borrowed by the War Department. The War Department documents from which the information was abstracted were stamped with the word "carded." Many of the Confederate prisoner volumes bear this stamp, and others bear the stamp "not carded." The second stamp indicates the volumes that were considered, but for one reason or another no information was abstracted.

Pages of some volumes were considered but not necessarily selected for publication in The War of the Rebellion, A Compilation of the Official Records of the Union and Confederate Armies (Washington, 1880-1901), a publication that has also been reproduced on microfilm by the National Archives (Microcopy 262). The pages so considered bear the distinguishing circular stamp "COPIED, WAR RECORDS, 1861-65." Volumes stamped "Received by the AGO . . . D.C. [discontinued commands]" are later additions to the collection of Confederate prisoner records that were segregated from records of individual Army commands.

In the volumes there is vast duplication of names of prisoners and information relating to them. Many discrepancies occur in the spelling of names, information regarding military organizations, dates of capture, and other data. There are various notes relating to compilation activities attached to many of the volumes; some of them have notations concerning duplication and errors. The volumes have no standard overall arrangement. Some volumes have page or folio numbers, but many have unnumbered pages. A few have name indexes. In the alphabetically arranged volumes there are no names entered under the letter "X"; the letters "I" and "J," and "U" and "V" are sometimes combined; "Mc" is generally combined with "M"; and some letters are missing.

Appearing on the volumes are various numbers indicating several prior numbering schemes. Over the years some numbers have disappeared from volumes. Other volumes may have more than one number, and some volumes have been erroneously renumbered. In general, the significance of the numbers is obscure. For these reasons and also to prevent confusion in the citation of volume numbers, the volumes have been renumbered by the National Archives in a continuous series from 1 to 427. This numeration has been stamped inside the front cover of each volume or on the first available page.

Old volume numbers, where found, have been included in the list following these introductory remarks. Some old numbers, marked with an asterisk in the list, are no longer on the volumes but were taken from an index to Confederate prisoner-of-war volumes deposited with

the War Department Collection of Confederate Records in the National Archives. The list also cites fragmentary and other material contained in a specific volume. Dates of some of this material often pre- or post-date those of records in the main part of the volume. Such dates are given in the list but are not included in the dates on the title page of a roll because they would tend to indicate a wider date coverage for the records in the main part of the volume.

Not all records relating to Confederate prisoners of war are reproduced in this microfilm publication. Also in Record Group 109 is a large series of unbound records relating to Confederate prisoners. Many of the bound and unbound records were carded and are included in the compiled service records, which are also a part of the same record group and which have been reproduced in other microfilm publications. Related records are in Record Group 249, Records of the Commissary General of Prisoners; in Record Group 98, Records of United States Army Commands; and in Record Group 94, Records of The Adjutant General's Office.

The various series of bound volumes reproduced in this microfilm publication have been arranged in two main sections: records relating to Confederate prisoners of war and to political prisoners without regard to specific prison or place of confinement, and records of individual military prisons or stations. Those under the second heading have been further arranged by the name of the particular prison or station to which the records pertain. A third section contains a few records of several prisons.

RECORDS RELATING TO ALL PRISONERS

In compliance with the Revised Army Regulations of 1863, the Commissary General of Prisoners maintained in bound volumes a record of all Confederate prisoners of war and political prisoners giving name, rank, regiment and company, or residence of each prisoner, showing the date and place of capture or arrest, and often disposition. He also kept sets of compiled registers for recording the deaths of prisoners, registers of applications made for releases, and registers of prisoners released. These registers and a few miscellaneous volumes from that office comprise the bulk of the volumes relating to prisoners without regard to individual prison or station. The remaining volumes in the section are the registers of deceased Confederate prisoners compiled by the Surgeon General's Office from returns and monthly reports submitted by medical officers at prisons, hospitals, and other places of confinement.

The Commissary General's registers are generally arranged alphabetically by initial letter of surname of prisoner, but a few miscellaneous volumes are arranged chronologically. Each of the Commissary General's registers of prisoners confined cover the same time period, while the registers of applications continue in chronological order from volume to volume. File-marks entered in the registers refer to letters received by the Office of the Commissary General of Prisoners.

Generally they are citations to letters transmitting the rolls or reports from which the registers were compiled or to letters of application for release of prisoners, depending on the type of register in which they appear. The Surgeon General's registers of deaths, reproduced on Rolls 10-12, are arranged by State and thereunder alphabetically by initial letter of surname of prisoner except for the first volume, which is arranged alphabetically by initial letter of surname of prisoner without regard to State.

RECORDS OF INDIVIDUAL PRISONS OR STATIONS

The volumes reproduced under this section are arranged alphabetically by name of military prison or other place of confinement. For each prison or station there are generally three main types of records: registers compiled by the Office of the Commissary General of Prisoners, general registers, and auxiliary registers. Registers for a particular prison seldom give a complete listing of all prisoners who were confined. For some prisons there are no Commissary General registers, and for others there are no general registers. For some places of confinement other than military prisons neither type of register has been found.

The registers compiled by the Office of the Commissary General of Prisoners were numbered for each prison and contain entries that had been copied from rolls, returns, and reports submitted by individual prison authorities. At one time the bound volumes of general and auxiliary registers created by each prison or station were also arranged in a numbered series. Over the years the identifying numbers have disappeared from many of the volumes, but other records in the custody of the National Archives indicate that most of the records for prisons and stations reproduced in this microfilm publication were once part of these numbered series. Both sets of registers, while deposited in the Prisoner of War Division of the Adjutant General's Office, were numbered in one consecutive series. A few additions were made to the series by records received from individual discontinued Army commands.

The general registers are the basic prison registers showing arrivals, confinements, and usually dispositions of prisoners. The auxiliary registers consist of registers of prisoners confined, registers of deaths, lists of prisoners, ledgers, correspondence, morning reports, and various other records.

In many of the Commissary General registers the entries are arranged alphabetically. The arrangement of entries in both general and auxiliary registers is usually alphabetical by initial letter of surname of prisoner or chronological. There are name indexes in most of the ledgers and letterbooks and in a few of the other volumes. Many volumes contain lists of contents that refer to letters of the alphabet and to page numbers. Some of the registers continue from volume to volume, while others are complete within a volume. In some registers the entries for names of prisoners are numbered either within each

letter of the alphabet or consecutively for the entire volume. In a few registers the numbers continue under each letter of the alphabet from one volume to another. Some registers have two separate lists under each letter of the alphabet, one for officers and another for other prisoners. Many registers and other volumes include records of civilian and Federal prisoners with those of Confederate prisoners, and a few volumes contain only names of Federal prisoners. There are several volumes that contain information relating only to paroled prisoners.

LIST OF ROLLS, VOLUMES, AND SUBJECTS

The asterisk after an original volume number indicates that the number no longer appears on the volume. The number has been obtained for this list from an index volume that is in the War Department Collection of Confederate Records in the National Archives.

Dear Sir:

I send you herewith the following prisoners & 6 deserters from rebel army who wish to take the oath of allegiance to the U.S. Govt. under the President's proclamation - viz:

- Z. West - Alabama
- Paul L. Lee Co. F. 39th
- W. D. Quarles H. 8th Tenn. Cavalry
- J. W. Whigham C. 51st Georgia Infy.
- J. C. Poy D. 2nd So. Carolina
- D. T. Taylor 11th Tenn. Cavalry

2 prisoners captured March 5th at Morristown by our Cavalry - viz: James A. Dickie Co. D. 5th Texas Cavalry
J. Parker

One of Genl. Bragleton's negro women recognized Dickie and says in regard to him, that while our army was at Strawberry Plains, she washed a Federal uniform for him - The clothing was wet when he brought it, and he came for it while it was in the wash tub, saying he could not wait for them to dry as he had to put them on to go inside our lines - He said other soldiers called him a spy & that he was doing such work.

Dickie & Parker both acknowledge having been sent out for the purpose of killing or capturing our pickets on post.

I send also a citizen named John Wolpe, who is charged with violating his oath of allegiance. I send copy of the oath & bond, and a statement concerning him. He seems to be a bad man, and there is seeming color to the charge against him.

I am Colonel

Decision

Head Quarters Army of the Ohio

in case of disputed mule, claimed on the one hand as belonging to train of Medical Department at H^d Quarters Army of the Ohio - and on the other, as belonging to a train of Wagons at Hd. Qrs. 2^d Brigade 3^d Division - 4th Army Corps. -

The testimony in regard to the mule belonging to the Medical Train is not at all positive as to identity of mule, except in the one particular of the private mark claimed to have been on all the mules belonging to the train and by which, as well as the general appearance of the mule, he seems to have been identified - Only one witness is at all positive as to the identity of the mule. -

On the other hand the testimony is positive, the witnesses absolutely swearing to the identity of the mule - two in particular, who drove the team for two months each, and swear positively this mule is the saddle mule they ride when driving the team - One of the teamsters (Rob^t Jackson) who drove the team some two months ago, swears however, that the brand on the shoulder is not the regular U.S. brand, but is some other letters. - This mule is branded very plainly on the near shoulder with the letters "U.S." In this the teamster may or may not intentionally have sworn falsely - It may be that unable to read, he was told the letters were not "U.S." but some other letters, and placed implicit belief in the statement -

Two of the witnesses - Jackson and one other (not examined) were sent to pick out the mule from among the mules of the train at Army Hd. Qrs. - This they did, and the mule is admitted to be the one in dispute -

The fact of the mule having been taken by the Wagon Master Gordon, while tied to a wagon belonging to the train of the 2^d Brigade, 3^d Division, 4th A.C., does not remove the burden of proof from the parties conducting & belonging to the train at Army Head Quarters, and from the sworn testimony of the witnesses on both sides, the mule is clearly proved to belong

to the train of 2^d Regt, 3^d Div, 4th A.C., and will be given up to the teamster driving the team from which the mule was taken -

General -

Many complaints having been made by citizens living outside of the lines, that soldiers came in crowds at night disturbing the neighborhood, prowling around their houses & often committing depredations on their property, by direction of the General Commanding I sent out a patrol by which at a house on the Rocky-Valley road over a mile outside of the pickets, the following named men were arrested -

- Sergeant J. Hander C. B. - 14th Ky. Val. Infy
- Private J. Butler A. " " "
- Musician E. Myers - - - - -
- Sergeant J. R. Stephens " 4th 6th " " "
- Private Geo. Currier " " " " "
- " F. Baird " " 86th Indiana " "

None of them had any commission to be outside of the picket line at night, and I send them to you under guard to you for such disposition as you may see proper -

General -
 G. M. McKee and James A. Galbraith of Greene
 County in this State, inform me that they have heard from
 citizens of the County between here and Loudon, that there
 is a regular rebel mail line from Concord Tenn. to North
 Carolina. This is said to be conducted by the Misses Sarah,
 Mary Jane and Margaret Calliaferro, who live on south side
 of Holston river about 2 1/2 miles below Concord, and who
 are in the habit of saying they would rejoice to see the rebel
 army return, hope they may be sent South, have better
 homes there, & much more of the same sort. Miss Sarah
 Callaway, living one mile south of Concord, the two misses
 M^cDonough and the misses Sue & Maggie Galbraith all
 of Concord. - These parties are all said to be con-
 cerned in carrying and sending information to the
 rebel lines, assemble regularly at the home of Lieut Gal-
 braith at Concord, go armed with pistols, are very in-
 sulting to the families of Union men &c. &c.

There is no doubt that the rebels have obtained
 information pretty regularly from persons living inside our
 lines, and the General Commanding directs that some good
 shrewd person be sent by you to Concord to ascertain
 the truth of the information above given, and, if possible,
 to break up any such lines of communication which
 may exist within our lines. -
